

## West Virginia Dance Company Technical Rider

West Virginia Dance Company was created to perform in virtually any location. WVDC is flexible in its technical requirements. The company consists of 7 dancers and the Artistic Director.

The Company travels with dance floor, costumes and recorded (compact disc, ipod or computer) music accompaniment. We ask the presenter to provide the performance space with whatever masking is appropriate, some kind of lighting (including the acceptable options of work-light and/or sunlight), and a sound system. The performance area must have a surface suitable for bare-footed dancing, and nearby space to be used for dressing rooms.

**Ideal Performance Space** - 36' wide by 32' deep

**Lighting** - If you have a theater with professional lighting equipment the following is a typical inventory of equipment that we would make use of, if it is available:

- Computer control for 72 dimmers.
- 64 source 4 - 36 degree Lekos, 8 of the Lekos should be template units;
- 8 source 4 - 20 degree Lekos;
- 10 - Front of House Lekos (size determined by your performance space);
- 8 - 8" Fresnels (1000 watts);
- 16 par 64 wfl (1000 watts);
- Units to light the cyc in three colors;
- 8 - 14' boom pipes with four side arms each; cable as needed from light plot; Gel frames for all lighting units.

**Sound** - Presenter provides a sound system with front of house speakers and at least two monitors onstage. WVDC can use either CD, iPod, or computer to run music. One microphone will also be needed.

**Dressing Rooms** - Presenter will provide 2 appropriate dressing rooms that are clean and can accommodate 3 female and 3 male dancers. A bathroom should be in dressing room or near by.

**Crew** - Presenter will provide a knowledgeable technician to help set up, focus and run show. The crew member will work with the lighting designer, which is provided by WVDC, in setting up stage, focusing lights and running music for the show. The technician should have knowledge of the space.

**Please contact us if you have any question and remember we are flexible.**
